Summer Camp Fun!

unique field trips under sail on a new gundalow

Bring your summer camp or youth group out on the water for a very special field trip! The newly launched gundalow *Piscataqua* provides a fun destination where hands-on activities will engage all ages while sailing on the tidal river.

The cultural and natural history of the Piscataqua Maritime Region come to life as campers join the crew – helping set the sail, steer the vessel, and navigate. With your guidance our staff will design an unforgettable onboard experience just for your camp.

Field trips on the *Piscataqua* include a 2.5 hour program offered mornings and afternoons, or a 4 hour option with more activities. While the gundalow is underway there is always a licensed captain in charge who is ably assisted by trained staff and volunteers.

To accommodate a large group your *Piscataqua* trip can be combined with concurrent land-based activities. Or – for a full day of fun - pack your lunches and combine your sail with other adventures. Contact our staff for help setting up a tidepool exploration, a river clean-up, a walking tour, a beach trip, or a visit to a nearby museum or nature center.

For more information visit www.gundalow.org or contact us at education@gundalow.org or 603.433.9505.

DISCOVER MARITIME HERITAGE ▪ EXPLORE ESTUARINE ENVIRONMENTS ▪ DEVELOP STEWARDSHIP
